HATCHERIES AND DEALERS PARTICIPATING
in
THE NATIONAL TURKEY IMPROVEMENT PLAN

(FEBRUARY 1, 1947)

The publication of this list is for the purpose of developing greater efficiency in the operation of the National Turkey Improvement Plan. Additional information regarding these hatcheries and dealers may be obtained by writing to them, or to the official State agency in their respective States. Due to the fact that changes frequently occur in this list, it is suggested that anyone desiring to purchase hatching eggs or poultts from the listed hatcheries or dealers write the official State agency for a confirmation of the classification before making such purchase.

Foreword

The hatcheries and dealers listed in this publication are participating in the National Turkey Improvement Plan, according to reports submitted by the official State agencies. The hatcheries and dealers are listed alphabetically by States.

The turkey egg capacity was reported in the following manner: (1) Exclusive turkey hatcheries include combined incubation and hatching capacity (Manufacturer's rating for turkey eggs); (2) Where hatcheries incubate and hatch both chicken and turkey eggs and use separate machines for each, the combined incubating and hatching capacity (Manufacturer's rating of turkey eggs), of the machines used to hatch turkey eggs is reported; (3) Where chicken and turkey eggs are hatched in the same machines an estimate of the capacity used for turkey eggs is reported.

The figures in the right hand column indicate the hatching egg capacity. The breeding stages and pullorum classes are indicated by abbreviations as follows:

U. S. Approved, Pullorum-Tested	- APT
U. S. Approved, Pullorum-Controlled	- APCd
U. S. Approved, Pullorum-Passed	- APP
U. S. Approved, Pullorum-Clean	- APC

The name and address of the contact representative and the official State agency are indicated at the beginning of the list of hatcheries for each of the cooperating States.
